### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in an interview with Eugene F. Friedman on Friday, October 20, 2006.

1. The application has been amended as follows:

Claims 1-101, 110, 112-192 and 195-204 are canceled.

In claim 102, on line 1, delete the word, "the" before "blood flow"

In claim 102, on line 11, delete the word, "the" before "directions"

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

In view of the applicant's amendments and after further consideration of the invention, the claims as presented avoid the prior art of record. The prior art does not disclose a blood flow enhancing apparatus having a base adapted to seat under a user's torso, a belt configured to wrap around the user's chest, an actuator and a force converter, mounted on the base, connected to the actuator and having belt connectors coupled to opposite extremities of the belt wherein the force converter converts a force applied to the actuator and towards the chest into belt tightening forces that cause the belt extremities to move in directions to tighten the belt around the user. In particular,

Art Unit: 3764

the force converter includes a toothed surface coupled to gears, said actuator and said belt connectors such that force applied to the actuator causes the toothed surface to move along the gears which causes the belt connectors to move in said directions to tighten the belt around the patient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tam Nguyen whose telephone number is 571-272-4979. The examiner can normally be reached on M-F 9-5.
